About us...

Global Engineering was established in 2021 as a supply of automotive Spare Parts and Servicing catering to wide variety of brands. The company was founded by businessmen with a wealth of long experience and strong financial back up with its base of operations in Khandala, Dist. Satara. Since its operation begun, the company has gained continuous success due to its reliable and stable reputation among its client base.

Global Engineering team is highly skilled engineers, staffs, technicians and front liners from different nationalities. This ensures delivery of our services and products to the highest professional and efficiency resulting to highest customer satisfaction level.

Our Spare Parts Department has the biggest volume of stock inventory and maintains the highest supply fill rate among its competitors in the market. Due to its efficient logistical facilities, the company offers the most competitive pricing structure so that it caters to both retail and wholesale to customers. We are dealing in spare parts for major brands vehicles, supply of food stuffs, Engineering & Construction.

Our workshop area is equipped with the most modern and state of the art equipments, tools and facilities to provide the highest quality and reliable service for our customers.
